**RE: Piedmont Natural Gas Company, Inc.
Notice New Natural Gas Construction Project
Docket No. 2012-278-G**

I am writing you about Piedmont Natural Gas Company, Inc.'s notice to the Commission on July 7, 2020 about its Line 201 Extension project in Greenville County. This project will not help the community or myself. It will negatively and permanently impact environmental and property rights. I have no desire for this type of needless growth in my community. We have the appropriate amount of natural gas capacity that is supplied to the area both by PNG's existing 2" line and by Greer CPW.

The risk to Enoree River and Beaverdam Creek by PNG Line 201 Extension is excessive and not worth the hazard to our community. I strongly oppose the project.

Sincerely,

Kari Garzon
